

**Preliminary Amendment of U.S. National Stage for International Application
PCT/EP2003/014596 filed December 19, 2003**

--DETAILED DESCRIPTION OF THE INVENTION--

At page 37, line 1, please delete “CLAIMS”, and replace it with:

--What is claimed is:--.

On a separate, new page 41, please add the following new section heading and paragraph containing an Abstract of the Disclosure:

--ABSTRACT OF THE DISCLOSURE

The disclosed invention provides wax dispersions with an average particle size of 0.5 to 100 μm containing (a) a wax phase with a melting point above 25°C which contains at least one oil or wax component selected from dialkyl(ene) ethers, dialkyl(ene) carbonates, dicarboxylic acids, hydroxyfatty alcohols, and mixtures thereof and at least one emulsifier, and (b) a water phase. The wax dispersions are particularly useful as a basis for cosmetic preparations and, more particularly, for impregnating and wetting utility and sanitary wipes used for personal hygiene and body care.--
